

California Democrats are committed to working for the future Californians deserve, while resisting Washington, D.C.'s assault on progress.

We believe that every person should have a job that lets them provide for themselves and their family, live in safe and affordable housing, and have comprehensive, universal, exceptional healthcare.

We believe in the Labor Movement and collective bargaining rights for workers, and we want to expand education and childcare opportunities for California's children.

Democrats believe California must lead the fight against the existential threat of Climate Change, and that our Coast must be 100% off-limits to oil drilling. We believe everyone has the right to breathe clean air, drink clean water and enjoy pristine natural spaces.

We believe in an inclusive society for all. We strongly support legal protections for Dreamers, and for immigration reform that honors our history as a nation of immigrants. We believe no person should ever be subjected to bullying, harassment, assault or discrimination because of race, gender or gender identity, sexual orientation, physical disability, economic status or religion.

California Democrats believe in compassion, fiscal responsibility, progress and inclusion. We invite you to join our effort to build the future California deserves.
